

Track Markers Hi-Viz Y-Post Caps

These high visibility, extremely durable caps are designed to fit firmly onto Y-posts. They can be purchased separately as caps only or as a cost effective combo with steel Y-posts.

Features/Benefits

- Durable track marking system designed for long term use without maintenance
- Ideal for remote wilderness applications
- Fits all standard steel Y-Posts
- Approved for use by Dept of Conservation
- Orange or Blue - other colours by special order
- Excellent visibility day or night
- Includes high-intensity reflective band
- Tough construction for NZ climate
- Easy to attach - no tools needed
- Made from medium density polyethylene (MDPE)
- Size - 300mm height x 63mm diameter

This is a cap, not an open tube. It won't slide down the Y-post!

Code	Description	Pack Qty
26098	Orange Caps	50
26101	Blue Caps	50
